You will be tested on these spelling and vocabulary words on the week of 9/21-9/25. Purple students will take their test on 9/21, gold will take theirs on 9/24. Virtual will take theirs at their scheduled appointment time.

- immune- not capable of being affected by a disease — usually + *to*
- supplements- something that is added to something else in order to make it complete
- function-the special purpose or activity for which a thing exists or is used
- pollution- the action or process of making land, water, air, etc., dirty and not safe or suitable to use
- pressure- the weight or force that is produced when something presses or pushes against something else
- chemical- of or relating to chemistry
- characteristic- typical of a person, thing, or group : showing the special qualities or traits of a person, thing, or group
- generators- a machine that produces electricity
- properties- something that is owned by a person, business, etc.
- durable- staying strong and in good condition over a long period of time

- Greek and Latin Root Word Focus:
 - multi-, poly- (many)
 - pan-, omni- (all)
 - Students will have words on their vocabulary test with these roots. The focus of the skill is not to memorize the word, but to use the context clues and the root meanings to determine the meaning of unknown words. Since this is the standard, I will not be giving them specific words to study. We will be discussing some words with these roots in class.
