

Kindergarten News

October 12th-16th

Reading

*Lesson 4-Identifying Events

The children will be able to

- 1)Recognize that an event is something that happens in a story.
- 2)Identify the major events in a story.
- 3)Understand how thinking about story events, can better help you comprehend a story

Math

*Lesson 6- make 3, 4, and 5

The children should be able to decompose numbers less than or equal to 10 into pairs in more than one way.

They will be using objects or drawings and record each decomposition by a drawing or equation.

*Practice writing numbers 1-20

Phonics Kk and Bb

In Phonics, we are now working on 2 letters a week. We cannot stress to you the importance of your child knowing their letters and sounds. They are only in the classroom 2 days a week; therefore, they are going to have to work on this at home as well. Some questions you should ask them are 1) how many letters are in the alphabet 2) What are the two types of letters that make up the alphabet 3) How many vowels? 4) Name the vowels 5) Flashcards-have them name each letter and the sound it makes 6) How many sounds do vowels make?

Michael Heggerty
