PHONICS

Digraph sh

The children are working on the Digraph sh. The children should be able to tell you how to code digraphs, by underlining them. How many letters are in the alphabet, and how many are vowels? They should be able to name the vowels. We are still working on rhyming words, focusing on sounding almost the same. The only thing that changes is the beginning. Your child needs to be familiar with the terms, beginning, medial, and final, use these terms when referring to sounds in words.
