

Kindergarten News

February 22-26

Reading

***RL.K.7** With prompting and support, describe the relationship between illustrations and the story in which they appear.

Lesson 14 Story Words and Pictures

Please make sure you are going over sight words every night with your child!

Math

***K.OA.1** Represent addition and subtraction, in which all parts and whole of the problem are within 10.

***K>OA.2** Solve addition and subtraction word problems within 10 involving situations of adding to, taking from, putting together, and taking apart.

Phonics ar and or

In Phonics, we are now working on combination *ar* and *or*. Examples of *ar*- star, bark, and card. Examples of *or*- born, fork, and corn. Your child should know ALL their letters and sounds. They should be on their way to recognizing and reading all sight words sent home numerous times to study. We are only in school 2 days a week; therefore, they need you to be working with them as well. They have decodable readers, that have been sent home, they should be reading these to you every night.

Michael Heggerty

Sight Words

Your child should be going over every night and be able to recognize and read these.
away am he like on to and she were
all be him little play will I for
a big have me red well you on
as can it my see yellow of up
a go in not the yes was with
at has is no two the said

Important Reminders!

Benchmark testing will be starting the week of February 22nd.

Whatever days your child is at home, they have assignments to be completed and virtual learning. Assignments have to be turned in daily, or by due date that is posted. They are counted absent if these assignments are not turned in when due!

Please make sure they are bringing their devices to class with them, fully charged!
